IT SERVICES

MANAGED IT

Our Outsourced IT and Hybrid IT models offer the option for FOGO to become your team or to work alongside your existing IT department. With Technology as a Service, we bridge the gaps in your business's technology.

CLOUD & HOSTING

Access your desktop, data and other essential business applications and information without location restrictions. High-security, advanced colocation solutions. Backup disaster and recovery.

BUSINESS COMMUNICATIONS

Comprehensive services that provide the technology and applications to seamlessly link your communication processes. Phones, Email, Internet and Video Conferencing.

CYBERSECURITY

We offer services your business needs to keep its information out of harm's way. Employee training, firewalls, and security monitoring.

CONSULTING

We work with your business to analyze your existing technology to create a strategy to overcome challenges, achieve business goals and take your business to the next level.

MARKETING

WEBSITES

We handle everything from website design and building, to maintenance, monitoring, and hosting.

SOCIAL MEDIA

We have a team of dedicated Social Media Managers to keep your social platforms running smoothly. We provide content creation, engagement, analytics, and more.

BRANDING & DESIGN

Start from nothing or just an idea. Let our design team create a cohesive brand for your business. Logo design, brand identity, brochures, business cards, signs, anything you need.

SEO & GOOGLE ADS

We specialize in implementing the processes that will catapult you to the top of the search results page and drive traffic to your site and business.

ADA COMPLIANCE

Websites of all sizes are being targeted by ADA lawsuits. It's more important than ever to make sure your website is compliant.
